

Dear Port Wentworth Families,

As I go about planning the services offered by our School Counseling Program, I would like to get your feedback on topics of interest to you. The School Counselor is not just a resource for students, but a resource for parents as well. I would be happy to plan and conduct workshops covering any topics parents would like to learn more about. Please take a few minutes and read over the suggested list below and indicate if you would be interested in attending any of the following workshops. Also, please share the day and time that would best fit with your schedule.

Thank you,

Stacey Lawson, School Counselor

Parent Name _____ Phone# _____

Email _____

Please rank order the top 5 topics of interest to you.

____ ADD/ADHD
