

College and Career Celebration Week

Monday, March 30th-Thursday, April 2nd

During Mrs. Lawson's (school counselor) visits into the classroom during the month of March, students have been discussing careers and/or participating in career inventories. During part of April, students will be learning about colleges during classroom visits. Various teachers also participated in a "Who Are They Now???" bulletin board. Fourth and Fifth Grade will participate in a career fair on Thursday, March 26th. Our part time counselor, Dr. Sellers, has assisted with securing presenters!! To celebrate, PWES will host a College and Career Week Celebration. There is no cost to participate! We simply want **YOU** to participate!
